Re-opening Status Update for Post Offices Islandwide

As Jamaica Post continues to do its part on the journey to national recovery following the passage of Hurricane Melissa, our hearts and prayers remain extended on behalf of everyone who have been impacted by this disaster. We stand with our dedicated staff and loyal customers, especially those who have suffered loss to this catastrophe and we are here to support you.

While we work to restore normalcy, we wish to advise the public of the re-opening status of post offices islandwide, some of which have been adversely impacted by Hurricane Melissa. Some postal locations continue to experience disruptions to postal operations due to flooding, lack of electricity, internet and water supply, blocked roadways and damage to some facilities.

In spite of these challenges, some post offices are operating from their usual locations, while others have been temporarily relocated to neighbouring post offices. These alternate locations have been implemented to ensure the safety of staff and customers as well as to maintain access to postal services, particularly among the elderly and other vulnerable groups, islandwide.

Persons may verify the operating location of each post office by viewing the accompanying list below. You may also contact the Customer Service Centre at 876-224-4136, 876-224-4102 or email info@jamaicapost.gov.jm for more information on service availability in your area.

Jamaica Post thanks everyone for their understanding as we work to rise above these unprecedented times.
